Progress Towards Meeting District Goals

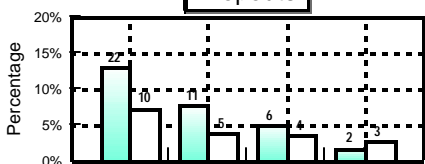

1999-00 Goals	Progress
Improve the level of mutual respect between all students and adults in our schools.	The school district is currently using a Student Assistance Program at Orofino Junior High School. The program will expand to other schools in the district in 2000-01. The district will be providing a two-day in-service to all staff on "Bullying" in early October.
Strengthen the practice of having "high expectations" for our students in all their work.	Principals and staff are currently working on developing plans for each school in the district.
Continue with facility planning including equipment updating and repair.	Architects are currently working with patron/staff committees in the two main areas of the district to review options for addressing the district's facility needs.
Review and revise, where necessary, the staff evaluation and accountability policies and procedures.	Administrators are working with staff in each building to incorporate staff improvement plans for the 2000-01 school year. Further study will continue on revisions to the current procedures and policies.
